

New for Fall 2008

The Fine Art of LOVESPOON CARVING

A Hand-Crafted Expression of Devotion

A tradition for centuries, the gift of a hand-carved lovespoon was considered a declaration of affection and the most romantic of gestures. For the lucky recipient, the offering symbolized the desire to begin a relationship, the promise of love and security, even the number of children one desired.

In *The Fine Art of Lovespoon Carving*, author David Western, professional woodworker and Welsh lovespoon carver, explains the rich history and symbolism of this beautiful and enduring craft while providing detailed instruction on how to create heirloom lovespoons. With step-by-step projects from simple to advanced spoons, and a collection of original patterns, carvers of all skill levels can now learn the techniques to master this captivating art. In addition to in-depth coverage of the legend and traditions of lovespoons, this comprehensive reference includes chapters on wood selection, proper tool use and maintenance, methods for applying a long-lasting finish, and tips for creating your own design. Also featured is an inspiring gallery of spoons in a variety of styles to illustrate the countless designs available to a lovespoon carver.

About the Author

Born in Wales and now residing in Victoria, BC, David Western, a professional cabinet and furniture-maker, has been carving Welsh lovespoons for over 20 years. Today, with many of his pieces found in collections throughout the world, Western continues to introduce the rich traditions of the lovespoon to audiences beyond the Welsh community while striving to expand the boundaries of its hand-crafted design.
